Hi Larry,

I just wanted to pass along some of the comments from our group on Tuesday night.

Great event!! Lots of fun and entertainment!! As for Mike Green, he was very, very funny especially with the "Monkey" skit. Great interaction with the crowd! He hit a homerun all night with the good clean humor. *Mike Holdridge*

Mike Green...truly you were great...when you come to Chicago, I will definitely be in the audience.

Sal

Great choice in Mike Green as the comedian last night!!!

I thought Mike did a superb job of putting on a hysterical show for our group. And even better was hearing some of the quietest people laughing so hard—made it even funnier. Again, great choice.

Thanks. Diane

The evening was fabulous. Mike Green was a riot, I laughed so hard, my sides hurt. He did very well within staying in the PG13 comedy range. I would definitely recommend him to anyone looking to put any kind of a group event together.

Thanks again for all your help and I look forward to working with you again.

Sincerely,
Sue Menhennett
